“That Crazy Chimpanzee”

A drone flew in the skies above a chimpanzee enclosure at a zoo in the Netherlands, as it tried to take footage for a TV show. Program makers had hoped to capture the enclosure from above, but another camera caught the moment that a chimp hit the aircraft with a stick. It looked like it is not just humans who are concerned about their privacy.

As the drone approached, the chimpanzee was perched on a branch. The chimp then lashed out with a stick and scored a direct hit. The aircraft fell to the ground and the chimpanzee wandered over for a closer look. Once the chimp got hold of the camera, it captured a video selfie.
