

Jumbo Code Notes

Desired new website features:

*A notification system for substitute teachers:

- Sub teachers can input their free schedule and later receive a notification when they are needed

*Student Progress

- Platform that is password protected where we could have a class roster (only first names), track attendance, and add comments of students' progress.

*ESL Resources,

- "Box folder"- could share ESL materials with the public as well as receive them

*Community Center

- promote the CORES center

*Teacher platform

- feedback from teachers on our curriculum

Things on our weebly

Mission Statement:

- "Teach-in CORES is a volunteer collective of Tufts University students. We work with CORES, the Committee On Refugees from El Salvador, in Somerville, MA. We teach literacy and English as a Second Language and prepare students for the US citizenship exam."
